

KENTUCKY COMMUNITY CRISIS RESPONSE TEAM

KCCRT ADVISORY TEAM

The KCCRT Advisory Team recently met to discuss strategic plans. Topics included restructuring the regional map for more efficient response coordination, required training and certifications for KCCRT members, developing KCCRT member go-bags to enhance preparedness, and scheduling the next advisory team meeting. The team's commitment to proactive planning sets the stage for a transformative period, as we work together to support our first responders and communities.

In-person CISM Training
April 23-25, 2024!
Hotel room available

UPCOMING TRAINING

In the ever-evolving landscape of crisis response, staying current with skills is paramount. If it's been a while since you last participated in Critical Incident Stress Management (CISM) training, now is the perfect time for a refresher. Renewing your training ensures that you are equipped with the latest techniques and insights, enhancing your ability to provide effective support and maintain resilience in the face of critical incidents.

HAPPY HOLIDAYS!
